

Title: "THE 5TH SEASON - SPACE IS MORE CONVENIENT AND SAFER THAN EARTH"		Date: February 18th 2013	
Code: NRP.023		Rev. 1.0	Page 1 / 2

<p>Synopsis</p>	<p><u>The fifth season is in space</u></p> <ul style="list-style-type: none"> - End of the Terrestrial Civilization? - Space: option or imperative? - The fifth season is in space - Awareness <p><u>The space season fruits: profitability of space enterprises</u></p> <ul style="list-style-type: none"> - Cheap transportation - Structural lightness of space engineering - The solution of the energy problem forever - The products of the gravitational well - The asteroids belt Cornucopia <p><u>Signs of a golden age</u></p> <ul style="list-style-type: none"> - All the light we're able to enjoy, and something more - The space green revolution - Personal wellness and arts - Safety: a second source - Defense from cosmic impacts <p><u>Unlimited economy growth</u></p> <ul style="list-style-type: none"> - A boundless economic growth and freedom - Why we need a Growing Economy - The incoming Space Economy <p><u>Learning to live outside earth</u></p> <ul style="list-style-type: none"> - The Moon Kindergarten - A giant test facility - The preferred place for complex extraterrestrial advances both technologically and socially <p><u>Help the earth ecosystem to recover</u></p> <ul style="list-style-type: none"> - Relieving the human pressure on our planet - Earth is not sick: she's pregnant! - The space aid to recover our planet
<p>Teachers</p>	<p>The lead trainer, Adriano V. Autino, besides working since more than 35 years in the field of systems engineering, is a passionate space activist and student of the space age philosophy. He is author of some original concepts, on the theme of the value of human life. In 1997 he founded the web magazine Technologies of the Frontier. He published the book "Earth is not sick: she's pregnant!" and "Tree Theses for the Space Renaissance", he organized two international conventions and wrote hundreds of articles on the topics of human expansion outside our birth planet. He is the president of the Space Renaissance International, member of the Moon Society board of directors and of other pro-space organizations. Send us [your manifestation of interest for this seminar](#), you will be re-contacted, in order to:

- a) join an already scheduled session, *or*
- b) keep you in the list for a not yet scheduled session, *or*
- c) organize a session at your premises.

Please also specify:

- the seminar code(s) you are interested to:
- the number of participants to the class(es):
- skill and experience of the participants:
- your goals and expected benefits:
- where do you want the class(es) to be held:
- tell us your preferred planning: one day units, dates to be negotiated
